Designed and Manufactured
in Southern California, USA

Pure Aqua Inc. is an ISO:9001 certified company with over a decade of experience in advanced system design and manufacturing.

Using the latest technology in 3D Computer Aided Design (CAD) software allows for highly detailed and functional design. This reduces material cost and environmental impact, while maintaining quality and reliability.

Our modular systems are engineered for ease of integration and delivery to many locations worldwide.

System Overview

Location:	Saudi Arabia
Objective:	Hardness reduction to drinking standards
Water Source:	Brackish well water
Instruments:	Electrically actuated valves
Control System:	PLC control panel with touch screen
